At Star Tribune Media Company, LLC we recognize our ultimate success depends on our talented and dedicated workforce. We value the contributions each and every employee makes to our accomplishments, and our goal is to provide a comprehensive program of competitive benefits to attract and retain the best employees available. Through our benefits programs, we strive to support the needs of our employees and their dependents by providing a benefit package that is easy to access and understand while remaining affordable.

Please read this guide carefully. It has a summary of your plan options and helpful tips for getting the most value from your benefits plans. We understand that you may have questions about annual enrollment, and we'll do our best to help you understand your options and guide you through the process.

If you (and/or your dependents) have Medicare or will be eligible for Medicare within the next 12 months, a federal law gives you more choices about your prescription drug coverage. Please see page 25 for more details.

ELIGIBILITY

You must be regularly scheduled to work 30 or more hours per week to be eligible for medical plans and 20 or more hours per week for other benefits plans. Your Star Tribune benefits will be effective the first of the month following 28 days of employment as an eligible employee.*

*See your bargaining unit contract for eligibility.

Dependent eligibility

You may enroll your eligible dependents in the same plans you choose for yourself. Eligible dependents on our corporate sponsored benefit plans include your legal spouse and your children up to age 26. Spouses that have other employer sponsored medical coverage available to them are not eligible to be enrolled in Star Tribune's medical plans.

Unmarried children over the age of 26 may continue to be covered if they are incapable of self-support due to a disability. Proof is required.

Please remember — the choices you make at this time will be effective through the end of the plan year (i.e., December 31), and cannot be changed unless you experience a qualifying status change.

MAKING CHANGES DURING THE YEAR

Once you are enrolled, you must wait until the next open enrollment period to change your benefits or add or remove coverage for dependents, unless you have a qualified status change as defined by the IRS.

Examples of qualified status changes include, but are not limited to, the following:

- Marriage, divorce, legal separation, or annulment.
- Birth or adoption of a child.
- Change in your residence or workplace (if your benefit options change).
- Loss of other coverage.
- Change in your dependent's eligibility status because of marriage, age, etc.
- Spouse's open enrollment that occurs at a different time of year.

The IRS mandates that changes to your coverage, due to a qualifying status change, must be made within 31 days of that status change. Proof of the qualifying status change is required (marriage certificate, divorce decree, birth certificate, loss of coverage letter, etc.). Note: Any change you make to your coverage must be consistent with the change in status.

ANNUAL OPEN ENROLLMENT

Each fall, Star Tribune hosts an open enrollment period. During open enrollment, you have the opportunity to:

- Add, change, or delete coverage.
- Add or drop dependents from coverage.
- Enroll or re-enroll in the healthcare or dependent flexible spending accounts (FSA).

All elections/changes made during open enrollment are effective January 1.

MEDICAL BENEFITS

Star Tribune is committed to helping you and your dependents maintain your health and wellness by providing you with access to the highest levels of care. We offer you a choice of two medical plan options for 2022:

- HSA Health Plan
- Preferred PPO — With Wellness or Standard PPO without Wellness

If you newly enroll in the HSA health plan, a health savings account (HSA) will be opened for you with Optum Bank. To learn more about HSAs, please see pages 8-9. See page 9 for HSA wellness incentive.

Here are some terms you'll see in this guide:

COINSURANCE: Your share of the costs of a healthcare service, usually figured as a percentage of the amount charged for services. You start paying coinsurance after you've paid your plan's deductible. Your plan pays a certain percentage of the total bill, and you pay the remaining percentage.

COPAY: A fixed amount you pay for a specific medical service (typically an office visit) at the time you receive the service. The copay can vary depending on the type of service. Copays cannot be included as part of your annual deductible, but they do count toward your out-of-pocket maximum.

DEDUCTIBLE: The amount you pay for healthcare services before your health insurance begins to pay. For example, if your plan's deductible is \$3,000, you'll pay 100 percent of eligible healthcare expenses until the bills total \$3,000 for the year. After that, you share the cost with your plan by paying coinsurance.

IN-NETWORK: A group of doctors, clinics, hospitals and other healthcare providers that have an agreement with your medical plan provider. You'll pay less when you use in-network providers.

OUT-OF-NETWORK: Care received from a doctor, hospital or other provider that is not part of the medical plan agreement. You'll pay more when you use out-of-network providers.

OUT-OF-POCKET MAXIMUM: This is the most you must pay for covered services in a plan year. After you spend this amount on deductibles, copayments and coinsurance, your health plan pays 100 percent of the costs of covered benefits. However, you must pay for certain out-of-network charges above reasonable and customary amounts.

REASONABLE AND CUSTOMARY: The amount of money a health plan determines is the normal or acceptable range of charges for a specific health-related service or medical procedure. If your healthcare provider submits higher charges than what the health plan considers normal or acceptable, you may have to pay the difference.

HEALTH SAVINGS ACCOUNT (HSA)

An HSA is a personal healthcare bank account you can use to pay out-of-pocket medical expenses with pretax dollars. If you enroll in the HSA Health Plan offered by Star Tribune, the company will open an HSA account on your behalf to receive the company contributions. You may also opt to contribute to your account.

You own and administer your HSA. You determine how much you contribute to your account, when to use your money to pay for qualified medical expenses, and when to reimburse yourself. Remember, this is a bank account; you must have money in the account before you can spend it.

HSAs offer you the following advantages:

1. **TAX SAVINGS:** You contribute pretax dollars to the HSA. Star Tribune will also contribute to your HSA for 2022. See page 9 for employer contribution amounts. Interest accumulates tax-free, and funds are withdrawn tax-free to pay for qualified medical expenses.
2. **REDUCED OUT-OF-POCKET COSTS:** You can use the money in your HSA to pay for eligible medical expenses and prescriptions. The HSA funds you use can help you meet your plan's annual deductible.
3. **A LONG-TERM INVESTMENT THAT STAYS WITH YOU:** Unused account dollars are yours to keep even if you retire or leave the company. You can invest your HSA funds, so your available healthcare dollars can grow over time.

4. **THE OPPORTUNITY FOR LONG-TERM SAVINGS:** Save unused HSA funds from year to year — you can use this money to reduce future out-of-pocket health expenses. You can even save HSA dollars to use after you retire.

You are eligible to open and fund an HSA if:

- You are enrolled in an HSA-eligible high-deductible health plan, such as Star Tribune's HSA Health Plan.
- You are not covered by your spouse's health plan (unless it is a qualified HDHP), flexible spending account (FSA) or health reimbursement account (HRA).
- You are not eligible to be claimed as a dependent on someone else's tax return.
- You are not enrolled in Medicare, TRICARE or TRICARE For Life.
- You have not received Veterans Administration benefits in the past three months.

How to access/make contributions to your HSA

Once your account is open, you can access it via www.optumbank.com. You'll set up your payroll contributions during open enrollment. You can make contribution changes at any time during the year by contacting benefits@startribune.com. Note that it may take between one and two payroll periods for an HSA change to be processed.

What are some HSA-eligible expenses?

- Dental services
- Lab exams/tests
- Vision services
- Medical treatments/procedures
- Menstrual products
- Obstetric services
- Over the counter medications (i.e. aspirin)
- Medical equipment supplies and services
- Medication with prescriptions
- Practitioners

More details about health savings accounts

The HSA is administered by Optum. Star Tribune pays the monthly administrative fee for your HSA. If your coverage status or employment status changes, you will be responsible for all HSA account holder fees.

You'll notice two separate line items on your paycheck when you participate in the HSA Health Plan — one for your employee premium contributions for the health plan and one for your pretax contributions to the HSA.

IMPORTANT! How much you can deposit into an HSA in 2022

Under age 55 (and not enrolled in Medicare):

- Up to \$3,650 for individual coverage.
- Up to \$7,300 for family coverage.

Age 55 or older (and not enrolled in Medicare):

- The maximum contribution increases by \$1,000 (considered a “catch-up” contribution).
- Up to \$4,650 for individual coverage.
- Up to \$8,300 for family coverage.

- Star Tribune employer contributions count toward the annual HSA contribution limits, so you need to plan carefully how much you'll contribute annually to avoid excess contributions.

Star Tribune HSA employer contribution

Once you enroll in the HSA Health Plan, Star Tribune will open a health savings account with Optum for you. The employer contribution, in addition to the contributions you elect to make into the HSA will be deposited each pay period (the first two pay periods of each month).

2022 Star Tribune employer contributions

- Individual coverage without wellness: Star Tribune will contribute \$550 annually.
- Dependent coverages without wellness: Star Tribune will contribute \$1,100 annually.
- Individual coverage with wellness: Star Tribune will contribute an additional \$300 or \$850 annually.
- Dependent coverages with wellness: Star Tribune will contribute an additional \$600 or \$1,700 annually.

401(K) RETIREMENT PLAN

The Star Tribune 401(k) retirement savings plan is designed to help you prepare for retirement and attain your financial goals. The 401(k) retirement plan makes it easy for you to save money on a tax-deferred basis. When you enroll in the plan, a personal account will be established with Fidelity Investments in your name, funded by:

- Your contributions (pretax and/or Roth).
- Employer-matching contributions.
- Investment earnings on both types of contributions.

Star Tribune adds to your savings through its employer match, matching 25% of the contributions you make during a payroll period. However, the company's match will only apply to the first 6% of your compensation for a payroll period. The company may make a discretionary match of up to 25% of your contributions (also limited to 6% of your compensation) depending on company financial performance.

Members of the International Brotherhood of Electrical Workers, local #292 (Electricians) are not eligible for a company match.

Your contribution rate	Company match	Total investment
1%	.25%	1.25%
2%	.50%	2.50%
3%	.75%	3.75%
4%	1.00%	5.00%
5%	1.25%	6.25%
6% and up	Employee contribution rate + 1.50% company match	

Eligibility

An employee scheduled to work 20 or more hours per week is immediately eligible to become a participant in the plan, provided he/she is an eligible employee.

A part-time employee, scheduled to work less than 20 hours per week or a temporary employee will become a participant on the January 1 or July 1 after being credited with 500 hours of service in a one-year period, provided he/she is an eligible employee.

401(k) provider information

Employees can contact Fidelity Investments at 800.835.5091 or at www.401k.com.

Beneficiary designation

An important aspect of estate planning is making beneficiary designations and keeping them up to date after life changes. It's generally quick and easy to assign or update your beneficiary designation by visiting www.401k.com. You will need to provide the name and Social Security number of each beneficiary. If you cannot complete the designation online, you can obtain a paper form. If you are married and want to name someone other than your spouse as your primary beneficiary, your spouse must consent in writing in the presence of a notary public.

Employee contributions

As soon as you're eligible to participate in the 401(k) retirement plan, you will be automatically enrolled.

Newly hired employees scheduled to work 20 or more hours per week who do not enroll in the plan (or affirmatively elect to not enroll) within 30 days after hire will be automatically enrolled in the Plan. The employee will be deemed to have elected to contribute 6% of eligible pay. The 6% will remain in effect until the employee stops or changes the contribution. Contributions to the plan are made by payroll deduction and are withheld from each paycheck. An employee may contribute from 1% to 25% of eligible compensation.*

If an employee was hired between January 1, 2010, and prior to July 1, 2018, and has not taken any action to change the automatic contribution rate of 3%, contribution rates will automatically be increased by 1% each September until the contribution rate reaches 6% of eligible pay.

Employees hired or rehired as part-time employees, scheduled to work fewer than 20 hours per week, are not subject to the automatic contributions and should contact Fidelity Investments to change deferral elections.

An employee may elect to have contribution percentages increase each year by 1% as of the first pay date following September 1 by contacting Fidelity Investments.

Employer-matching contribution

The Star Tribune matching contributions and their earnings are 100% vested upon completion of one year of vesting service in the 401(k) retirement plan. You are always fully vested in your contributions and earnings.

Pretax 401(k) contributions

Pretax contributions allow you to reduce your current taxable income. In addition, any earnings on your contributions are also tax-deferred. Any contributions and earnings are fully taxable as ordinary income when you withdraw them.

Roth 401(k) contributions

You make Roth 401(k) contributions with after-tax money, so you see no immediate tax benefit. Any earnings from those contributions are tax-free when you take a qualified distribution.

*All contributions subject to IRS limits.

DENTAL PLAN

Delta Dental

View covered services, claim status or your account balance; find a dentist; update your information; and much more at www.deltadentalmn.org.

Although you can choose any dental provider, when you use an in-network dentist, you will generally pay less for treatments because your share of the cost will be based on negotiated discount fees. With out-of-network dentists, the plan will pay the same percentage, but the reimbursement will be based on out-of-network rates. You may be billed for the difference.

Dental exams can tell your doctor a lot about your overall health. It's important to schedule regular exams to help detect significant medical conditions before they become serious.

NOTE: Children can stay on the dental plan until age 26, regardless of student status.

To see a current provider directory, please visit www.deltadentalmn.org.

GROUP TERM LIFE INSURANCE

If you are an employee regularly scheduled to work 20 or more hours per week, you automatically receive the life insurance benefit even if you elect to waive other coverage.* Your basic life insurance benefit is a percentage of your annual salary. Contact HR for information on your specific benefit amount.

In the event of your death, your life insurance will be paid to the beneficiary (or beneficiaries) you designate.

*See your bargaining unit contract for eligibility.

Here are some helpful insurance terms

IMPUTED INCOME: Federal regulations require payment of income and Social Security taxes on the value of the life insurance premiums in excess of \$50,000 when paid for by your employer. The value of dependent life coverage paid for by your employer is also taxable. These values are known as imputed income. Contact your tax professional for information regarding these tax consequences if you have questions or concerns.

AGE REDUCTION:

- Ages 70+: Benefit decrease to 65% of original benefit.
- Ages 75+: Benefit decreases an additional 30.77%.

PORTABILITY AND CONVERSION:

Portability and conversion are available if your employment with Star Tribune ends. Portability allows you to continue your term life coverage, while the conversion option allows you to convert your term life policy into an individual whole life policy.

VOLUNTARY LIFE AND AD&D

You have the opportunity to purchase voluntary life for yourself and your spouse. You also have the option to purchase AD&D insurance for yourself or your family. Your cost for this coverage is based on the amount you elect and your age. You must purchase voluntary life for yourself in order to purchase coverage for your spouse. You are able to purchase voluntary AD&D insurance for yourself and/or your family. If you did not enroll in supplemental life coverage when you were first eligible, you will be subject to medical underwriting.*

*Does not apply to AD&D.

Spouse rates will be determined by the employee age.

Voluntary life rates for employee and dependent per \$1,000 of coverage			
Under 25	\$0.06	50-54	\$0.40
25-29	\$0.06	55-59	\$0.64
30-34	\$0.08	60-64	\$0.85
35-39	\$0.10	65-69	\$1.34
40-44	\$0.15	70-74	\$2.34

Voluntary AD&D employee only rate per \$10,000 of coverage		Voluntary AD&D rate for employee and family per \$10,000 of coverage	
\$0.35		\$0.60	

Example

If the rate is \$0.40 per \$1,000 and an enrollee elects \$20,000 in coverage, the monthly premium will be \$8.00.

SHORT- AND LONG-TERM DISABILITY PLANS

Star Tribune offers two company paid disability plans to provide financial assistance in case you become disabled or are unable to work. The short-term disability plan is administered by HealthPartners and the long-term disability plan is provided by The Hartford.

Short-term disability (STD) plan

Short-term disability (STD) provides a benefit to replace a portion of your income when you are disabled and unable to work due to a covered illness or injury. If you are a regular employee working 20 hours a week, you are automatically enrolled in STD, even if you waive other coverage.* Star Tribune pays the full cost of your STD benefit. Any income replacement benefits you receive are taxable. Contact Human Resources for additional information on your short term disability benefit.

*See your bargaining unit contract for eligibility.

Long-term disability (LTD) plan

Long-term disability (LTD) is intended to protect your income for a longer duration after you have depleted short-term disability. If you are an eligible employee, you are automatically enrolled in LTD, even if you waive other coverage.* The cost of this coverage is paid entirely by Star Tribune.** Any income replacement benefits you receive are taxable.

If you are permanently disabled and have satisfied your elimination period, this plan will provide you coverage, a percent of your annual salary, until you reach normal Social Security retirement age. Your benefit amount may be offset by other benefits you are receiving, such as Social Security or workers' compensation. Your monthly benefits are subject to federal income tax and may be subject to state and local taxes.

*See your bargaining unit contract for eligibility.

**Additional LTD coverage may be purchased by eligible employees.

HEALTHCARE FLEXIBLE SPENDING ACCOUNT (FSA)

Whether you are married with children, single with no children, a single parent or any other lifestyle status, a flexible spending account (FSA) can save you money. An FSA allows you to set aside before-tax dollars from your paycheck to cover qualified expenses that you would normally pay out of your pocket with after-tax dollars. You pay no federal income, state income, or Social Security taxes on the money you place in your FSA. You are able to enroll in the healthcare FSA if you are NOT enrolled in the HSA health plan.

Funds contributed to the healthcare FSA are available in full on the first day of the plan year; however, please plan your contributions carefully as any funds not used by the end of the plan year will be forfeited by the plan.

You have until February 28, 2023, to file claims for expenses incurred during the plan year.

The FSA Carryover allows you to carry forward up to \$550 of unused healthcare funds to the new calendar year which can be used for eligible healthcare expenses. This feature reduces the impact of the “use it or lose it” rule. Any unused amounts in excess of \$550 will be forfeited at the end of the plan year not carried forward. You **MUST** re-enroll in the FSA for the new plan year to access any roll over funds.

Healthcare FSA

The healthcare FSA lets you pay for certain IRS-approved medical care expenses not covered by your insurance plan with pre-tax dollars. For example, cash that you now spend on deductibles, copayments, or other out-of-pocket medical expenses can instead be placed in the healthcare reimbursement FSA pre-tax, to pay for these expenses. You can even elect to have a debit card that allows you to pay for expenses at the same time you receive them, which avoids you having to wait for reimbursement. However, please note that a receipt may need to be submitted to prove your expense was qualified. The maximum contribution to the healthcare reimbursement FSA is \$2,750 per plan year and the minimum contribution is \$250 annually.*

*Limits subject to change.

DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT

If you need child care for your dependents to allow you or your spouse to work or attend school full-time, you can open a dependent care FSA. This allows you to be reimbursed on a pretax basis for child care.

The maximum amount you can set aside in a dependent care FSA is \$5,000 per year per family, or \$2,500 if married and filing separately. Funds in your dependent care FSA are available to you only as they are deducted from your paycheck. Remember to use all of your contributions each plan year because no funds may be carried over to the next year. In other words, you use it or lose it.*

Eligible expenses include the care of children under age 13 and the care for dependents of any age who are physically or mentally incapable of self-care (includes day care for elderly dependents, but not nursing home confinements).

Examples of eligible expenses are day care, after-school care and elder care. You decide how much to deduct from each paycheck (annual minimum is \$250 and annual maximum is \$5,000). These contributions are made before taxes are taken from your earnings, which reduces your taxable income for the year. You can file claims at any time during the plan year, but they must be postmarked by the February 28, 2023, claims deadline. If you fax, upload or use an e-receipt, it must be received by midnight Eastern time on the annual claims deadline indicated on your plan-year claim form.

Remember: Use it or lose it

Use all your contributions each plan year because no funds can be carried over to the next year.

*Limits subject to change.

Remember

Changes to your dependent care FSA elections can be made only during open enrollment or if you experience a qualifying life event.

IMPORTANT NOTICE

This packet of notices related to our health care plan includes a notice regarding how the plan's prescription drug coverage compares to Medicare Part D. If you or a covered family member is also enrolled in Medicare Parts A or B, but not Part D, you should read the Medicare Part D notice carefully. It is titled, "Important Notice From Star Tribune Media Company, LLC About Your Prescription Drug Coverage and Medicare."

IMPORTANT NOTICE FROM STAR TRIBUNE MEDIA COMPANY, LLC ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Star Tribune Media Company, LLC and about your options under Medicare's prescription drug coverage. This information can help you decide whether you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

If neither you nor any of your covered dependents are eligible for or have Medicare, this notice does not apply to you or your dependents, as the case may be. However, you should still keep a copy of this notice in the event you or a dependent should qualify for coverage under Medicare in the future. Please note, however, that later notices might supersede this notice.

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Star Tribune Media Company, LLC has determined that the prescription drug coverage offered by the Star Tribune Media Company, LLC Employee Health Care Plan ("Plan") is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is considered "creditable" prescription drug coverage. This is important for the reasons described below.

Because your existing coverage is, on average, at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to enroll in a Medicare drug plan, as long as you later enroll within specific time periods.

Enrolling in Medicare—General Rules

As some background, you can join a Medicare drug plan when you first become eligible for Medicare. If you qualify for Medicare due to age, you may enroll in a Medicare drug plan during a seven-month initial enrollment period. That period begins three months prior to your 65th birthday, includes the month you turn 65, and continues for the ensuing three months. If you qualify for Medicare due to disability or end-stage renal disease, your initial Medicare Part D enrollment period depends on the date your disability or treatment began. For more information you should contact Medicare at the telephone number or web address listed below.

Late Enrollment and the Late Enrollment Penalty

If you decide to *wait* to enroll in a Medicare drug plan you may enroll later, during Medicare Part D's annual enrollment period, which runs each year from October 15 through December 7. But as a general rule, if you delay your enrollment in Medicare Part D, after first becoming eligible to enroll, you may have to pay a higher premium (a penalty).

If after your initial Medicare Part D enrollment period you go **63 continuous days or longer without "creditable" prescription drug coverage** (that is, prescription drug coverage that's at least as good as Medicare's prescription drug coverage), your monthly Part D premium may go up by at least 1 percent of the premium you would have paid had you enrolled timely, for every month that you did not have creditable coverage.

For example, if after your Medicare Part D initial enrollment period you go 19 months without coverage, your premium may be at least 19% higher than the premium you otherwise would have paid. You may have to pay this higher premium for as long as you have Medicare prescription drug coverage. *However, there are some important exceptions to the late enrollment penalty.*

Special Enrollment Period Exceptions to the Late Enrollment Penalty

There are “special enrollment periods” that allow you to add Medicare Part D coverage months or even years after you first became eligible to do so, without a penalty. For example, if after your Medicare Part D initial enrollment period you lose or decide to leave employer-sponsored or union-sponsored health coverage that includes “creditable” prescription drug coverage, you will be eligible to join a Medicare drug plan at that time.

In addition, if you otherwise lose other creditable prescription drug coverage (such as under an individual policy) through no fault of your own, you will be able to join a Medicare drug plan, again without penalty. These special enrollment periods end two months after the month in which your other coverage ends.

Compare Coverage

You should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. See the Star Tribune Media Company, LLC Plan’s summary plan description for a summary of the Plan’s prescription drug coverage. If you don’t have a copy, you can get one by contacting us at the telephone number or address listed below.

Coordinating Other Coverage With Medicare Part D

Generally speaking, if you decide to join a Medicare drug plan while covered under the Star Tribune Media Company, LLC Plan due to your employment (or someone else’s employment, such as a spouse or parent), your coverage under the Star Tribune Media Company, LLC Plan will not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information about this issue of what program pays first and what program pays second, see the Plan’s summary plan description or contact Medicare at the telephone number or web address listed below.

If you do decide to join a Medicare drug plan and drop your Star Tribune Media Company, LLC prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back. To regain coverage you would have to re-enroll in the Plan, pursuant to the Plan’s eligibility and enrollment rules. You should review the Plan’s summary plan description to determine if and when you are allowed to add coverage.

If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and whether or not you are required to pay a higher premium (a penalty).

The Plan's Duty to Safeguard Your Protected Health Information

Individually identifiable information about your past, present, or future health or condition, the provision of health care to you, or payment for the health care is considered "Protected Health Information" ("PHI"). The Plan is required to extend certain protections to your PHI, and to give you this notice about its privacy practices that explains how, when, and why the Plan may use or disclose your PHI. Except in specified circumstances, the Plan may use or disclose only the minimum necessary PHI to accomplish the purpose of the use or disclosure.

The Plan is required to follow the privacy practices described in this notice, though it reserves the right to change those practices and the terms of this notice at any time. If it does so, and the change is material, you will receive a revised version of this Notice either by hand delivery, mail delivery to your last known address, or some other fashion. This notice, and any material revisions of it, will also be provided to you in writing upon your request (ask your Human Resources representative, or contact the Plan's Privacy Official, described below), and will be posted on any website maintained by Star Tribune Media Company, LLC that describes benefits available to employees and dependents.

You may also receive one or more other privacy notices from insurance companies that provide benefits under the Plan. Those notices will describe how the insurance companies use and disclose PHI and your rights with respect to the PHI they maintain.

How the Plan May Use and Disclose Your Protected Health Information

The Plan uses and discloses PHI for a variety of reasons. For its routine uses and disclosures it does not require your authorization, but for other uses and disclosures, your authorization (or the authorization of your personal representative (e.g., a person who is your custodian, guardian, or has your power-of-attorney) may be required. The following offers more description and examples of the Plan's uses and disclosures of your PHI.

- **Uses and Disclosures Relating to Treatment, Payment, or Health Care Operations.**
 - **Treatment:** Generally, and as you would expect, the Plan is permitted to disclose your PHI for purposes of your medical treatment. Thus, it may disclose your PHI to doctors, nurses, hospitals, emergency medical technicians, pharmacists, and other health care professionals where the disclosure is for your medical treatment. For example, if you are injured in an accident, and it's important for your treatment team to know your blood type, the Plan could disclose that PHI to the team in order to allow it to more effectively provide treatment to you.
 - **Payment:** Of course, the Plan's most important function, as far as you are concerned, is that it *pays for* all or some of the medical care you receive (provided the care is covered by the Plan). In the course of its

payment operations, the Plan receives a substantial amount of PHI about you. For example, doctors, hospitals, and pharmacies that provide you care send the Plan detailed information about the care they provided, so that they can be paid for their services. The Plan may also share your PHI with other plans in certain cases. For example, if you are covered by more than one health care plan (e.g., covered by this Plan and your spouse's plan or covered by the plans covering your father and mother), we may share your PHI with the other plans to coordinate payment of your claims.

- **Health care Operations:** The Plan may use and disclose your PHI in the course of its "health care operations." For example, it may use your PHI in evaluating the quality of services you received or disclose your PHI to an accountant or attorney for audit purposes. In some cases, the Plan may disclose your PHI to insurance companies for purposes of obtaining various insurance coverages. However, the Plan will not disclose, for underwriting purposes, PHI that is genetic information.
- **Other Uses and Disclosures of Your PHI Not Requiring Authorization.** The law provides that the Plan may use and disclose your PHI without authorization in the following circumstances:
 - **To the Plan Sponsor:** The Plan may disclose PHI to the employers (such as Star Tribune Media Company, LLC) who sponsor or maintain the Plan for the benefit of employees and dependents. However, the PHI may only be used for limited purposes, and may not be used for purposes of employment-related actions or decisions or in connection with any other benefit or employee benefit plan of the employers. PHI may be disclosed to: the human resources or employee benefits department for purposes of enrollments and disenrollments, census, claim resolutions, and other matters related to Plan administration; payroll department for purposes of ensuring appropriate payroll deductions and other payments by covered persons for their coverage; information technology department, as needed for preparation of data compilations and reports related to Plan administration; finance department for purposes of reconciling appropriate payments of premium to and benefits from the Plan, and other matters related to Plan administration; internal legal counsel to assist with resolution of claim, coverage, and other disputes related to the Plan's provision of benefits.
 - **To the Plan's Service Providers:** The Plan may disclose PHI to its service providers ("business associates") who perform claim payment and plan management services. The Plan requires a written contract that obligates the business associate to safeguard and limit the use of PHI.
 - **Required by Law:** The Plan may disclose PHI when a law requires that it report information about suspected abuse, neglect, or domestic violence, or relating to suspected criminal activity, or in response to a court order. It must also disclose PHI to authorities that monitor compliance with these privacy requirements.
 - **For Public Health Activities:** The Plan may disclose PHI when required to collect information about disease or injury, or to report vital statistics to the public health authority.
 - **For Health Oversight Activities:** The Plan may disclose PHI to agencies or departments responsible for monitoring the health care system for such purposes as reporting or investigation of unusual incidents.
 - **Relating to Decedents:** The Plan may disclose PHI relating to an individual's death to coroners, medical examiners, or funeral directors, and to organ procurement organizations relating to organ, eye, or tissue donations or transplants.
 - **For Research Purposes:** In certain circumstances, and under strict supervision of a privacy board, the Plan may disclose PHI to assist medical and psychiatric research.
 - **To Avert Threat to Health or Safety:** In order to avoid a serious threat to health or safety, the Plan may disclose PHI as necessary to law enforcement or other persons who can reasonably prevent or lessen the threat of harm.
 - **For Specific Government Functions:** The Plan may disclose PHI of military personnel and veterans in certain situations, to correctional facilities in certain situations, to government programs relating to eligibility and enrollment, and for national security reasons.
- **Uses and Disclosures Requiring Authorization:** For uses and disclosures beyond treatment, payment, and operations purposes, and for reasons not included in one of the exceptions described above, the Plan is required to have your written authorization. For example, uses and disclosures of psychotherapy notes, uses and disclosures of PHI for marketing purposes, and disclosures that constitute a sale of PHI would require your authorization. Your authorization can be revoked at any time to stop future uses and disclosures, except to the extent that the Plan has already undertaken an action in reliance upon your authorization.

- **Uses and Disclosures Requiring You to Have an Opportunity to Object:** The Plan may share PHI with your family, friend, or other person involved in your care, or payment for your care. We may also share PHI with these people to notify them about your location, general condition, or death. However, the Plan may disclose your PHI only if it informs you about the disclosure in advance and you do not object (but if there is an emergency situation and you cannot be given your opportunity to object, disclosure may be made if it is consistent with any prior expressed wishes and disclosure is determined to be in your best interests; you must be informed and given an opportunity to object to further disclosure as soon as you are able to do so).

Your Rights Regarding Your Protected Health Information

You have the following rights relating to your protected health information:

- **To Request Restrictions on Uses and Disclosures:** You have the right to ask that the Plan limit how it uses or discloses your PHI. The Plan will consider your request, but is not legally bound to agree to the restriction. To the extent that it agrees to any restrictions on its use or disclosure of your PHI, it will put the agreement in writing and abide by it except in emergency situations. The Plan cannot agree to limit uses or disclosures that are required by law.
- **To Choose How the Plan Contacts You:** You have the right to ask that the Plan send you information at an alternative address or by an alternative means. To request confidential communications, you must make your request in writing to the Privacy Official. We will not ask you the reason for your request. Your request must specify how or where you wish to be contacted. The Plan must agree to your request as long as it is reasonably easy for it to accommodate the request.
- **To Inspect and Copy Your PHI:** Unless your access is restricted for clear and documented treatment reasons, you have a right to see your PHI in the possession of the Plan or its vendors if you put your request in writing. The Plan, or someone on behalf of the Plan, will respond to your request, normally within 30 days. If your request is denied, you will receive written reasons for the denial and an explanation of any right to have the denial reviewed. If you want copies of your PHI, a charge for copying may be imposed but may be waived, depending on your circumstances. You have a right to choose what portions of your information you want copied and to receive, upon request, prior information on the cost of copying.
- **To Request Amendment of Your PHI:** If you believe that there is a mistake or missing information in a record of your PHI held by the Plan or one of its vendors you may request in writing that the record be corrected or supplemented. The Plan or someone on its behalf will respond, normally within 60 days of receiving your request. The Plan may deny the request if it is determined that the PHI is: (i) correct and complete; (ii) not created by the Plan or its vendor and/or not part of the Plan's or vendor's records; or (iii) not permitted to be disclosed. Any denial will state the reasons for denial and explain your rights to have the request and denial, along with any statement in response that you provide, appended to your PHI. If the request for amendment is approved, the Plan or vendor, as the case may be, will change the PHI and so inform you, and tell others that need to know about the change in the PHI.
- **To Find Out What Disclosures Have Been Made:** You have a right to get a list of when, to whom, for what purpose, and what portion of your PHI has been released by the Plan and its vendors, other than instances of disclosure for which you gave authorization, or instances where the disclosure was made to you or your family. In addition, the disclosure list will not include disclosures for treatment, payment, or health care operations. The list also will not include any disclosures made for national security purposes, to law enforcement officials or correctional facilities, or before the date the federal privacy rules applied to the Plan. You will normally receive a response to your written request for such a list within 60 days after you make the request in writing. Your request can relate to disclosures going as far back as six years. There will be no charge for up to one such list each year. There may be a charge for more frequent requests.

How to Complain About the Plan's Privacy Practices

If you think the Plan or one of its vendors may have violated your privacy rights, or if you disagree with a decision made by the Plan or a vendor about access to your PHI, you may file a complaint with the person listed in the section immediately below. You also may file a written complaint with the Secretary of the U.S. Department of Health and Human Services. The law does not permit anyone to take retaliatory action against you if you make such complaints.

Notification of a Privacy Breach

Any individual whose unsecured PHI has been, or is reasonably believed to have been used, accessed, acquired or disclosed in an unauthorized manner will receive written notification from the Plan within 60 days of the discovery of the breach.

If the breach involves 500 or more residents of a state, the Plan will notify prominent media outlets in the state. The Plan will maintain a log of security breaches and will report this information to HHS on an annual basis. Immediate reporting from the Plan to HHS is required if a security breach involves 500 or more people.

NOTICE OF SPECIAL ENROLLMENT RIGHTS

STAR TRIBUNE MEDIA COMPANY, LLC EMPLOYEE HEALTH CARE PLAN

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to later enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage).

Loss of eligibility includes but is not limited to:

- Loss of eligibility for coverage as a result of ceasing to meet the plan's eligibility requirements (e.g., divorce, cessation of dependent status, death of an employee, termination of employment, reduction in the number of hours of employment);
- Loss of HMO coverage because the person no longer resides or works in the HMO service area and no other coverage option is available through the HMO plan sponsor;
- Elimination of the coverage option a person was enrolled in, and another option is not offered in its place;
- Failing to return from an FMLA leave of absence; and
- Loss of eligibility under Medicaid or the Children's Health Insurance Program (CHIP).

Unless the event giving rise to your special enrollment right is a loss of eligibility under Medicaid or CHIP, you must request enrollment within *30 days* after your or your dependent's(s') other coverage ends (or after the employer that sponsors that coverage stops contributing toward the coverage).

If the event giving rise to your special enrollment right is a loss of coverage under Medicaid or CHIP, you may request enrollment under this plan within *60 days* of the date you or your dependent(s) lose such coverage under Medicaid or CHIP. Similarly, if you or your dependent(s) become eligible for a state-granted premium subsidy toward this plan, you may request enrollment under this plan within *60 days* after the date Medicaid or CHIP determine that you or the dependent(s) qualify for the subsidy.

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within *30 days* after the marriage, birth, adoption, or placement for adoption.

GENERAL COBRA NOTICE

Introduction

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

When is COBRA continuation coverage available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- Commencement of a proceeding in bankruptcy with respect to the employer;]; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice in writing to the Plan Administrator. Any notice you provide must state the name of the plan or plans under which you lost or are losing coverage, the name and address of the employee covered under the plan, the name(s) and address(es) of the qualified beneficiary(ies), and the qualifying event and the date it happened. The Plan Administrator will direct you to provide the appropriate documentation to show proof of the event.

How is COBRA continuation coverage provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. If you believe you are eligible for this extension, contact the Plan Administrator.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, [Children's Health Insurance Program \(CHIP\)](#), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends?

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period¹ to sign up for Medicare Part A or B, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

NOTICE OF GRANDFATHERED STATUS

This Star Tribune Media Company, LLC Employee Health Care Plan believes this plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at:
