At The Minnesota Star Tribune we recognize our ultimate success depends on our talented and dedicated workforce. We value the contributions each and every employee makes to our accomplishments, and our goal is to provide a comprehensive program of competitive benefits to attract and retain the best employees available. Through our benefits programs, we strive to support the needs of our employees and their dependents by providing a benefit package that is easy to access and understand while remaining affordable.

Please read this guide carefully. It has a summary of your plan options and helpful tips for getting the most value from your benefits plans. We understand that you may have questions about annual enrollment, and we'll do our best to help you understand your options and guide you through the process.

If you (and/or your dependents) have Medicare or will be eligible for Medicare within the next 12 months, a federal law gives you more choices about your prescription drug coverage. Please see page 34 for more details.

What's changing in 2026?

- The Dependent Care FSA maximum contribution amount will increase to \$7,500 (\$3,750 if married and filing separately) from \$5,000 (\$2,500 if married and filing separately)
- Please see page 12 for the 2026 HSA limits and page 27 for the 2026 Healthcare FSA limits

Here are some terms you'll see in this guide:

COINSURANCE: Your share of the costs of a healthcare service, usually figured as a percentage of the amount charged for services. You start paying coinsurance after you've paid your plan's deductible. Your plan pays a certain percentage of the total bill, and you pay the remaining percentage.

COPAY: A fixed amount you pay for a specific medical service (typically an office visit) at the time you receive the service. The copay can vary depending on the type of service. Copays cannot be included as part of your annual deductible, but they do count toward your out-of-pocket maximum.

DEDUCTIBLE: The amount you pay for healthcare services before your health insurance begins to pay. For example, if your plan's deductible is \$3,000, you'll pay 100% of eligible healthcare expenses until the bills total \$3,000 for the year. After that, you share the cost with your plan by paying coinsurance.

IN-NETWORK: A group of doctors, clinics, hospitals and other healthcare providers that have an agreement with your medical plan provider. You'll pay less when you use in-network providers.

OUT-OF-NETWORK: Care received from a doctor, hospital or other provider that is not part of the medical plan agreement. You'll pay more when you use out-of-network providers.

OUT-OF-POCKET MAXIMUM: This is the most you must pay for covered services in a plan year. After you spend this amount on deductibles, copayments, and coinsurance, your health plan pays 100% of the costs of covered benefits. However, you must pay for certain out-of-network charges above reasonable and customary amounts.

REASONABLE AND CUSTOMARY: The amount of money a health plan determines is the normal or acceptable range of charges for a specific health-related service or medical procedure. If your healthcare provider submits higher charges than what the health plan considers normal or acceptable, you may have to pay the difference.

Annual open enrollment

Each fall, The Minnesota Star Tribune hosts an open enrollment period. During open enrollment, you have the opportunity to:

- Add, change, or delete coverage.
- Add or drop dependents from coverage.
- Enroll or re-enroll in the healthcare or dependent flexible spending accounts (FSA).

All elections/changes made during open enrollment are effective January 1, 2026.

Eligibility

You must be regularly scheduled to work 30 or more hours per week to be eligible for medical plans and 20 or more hours per week for other benefits plans. Your Minnesota Star Tribune benefits will be effective the first of the month following 28 days of employment as an eligible employee.*

*See your employee handbook for FMLA and disability benefit eligibility.

Dependent eligibility

You may enroll your eligible dependents in the same plans you choose for yourself. Eligible dependents on our corporate sponsored benefit plans include your legal spouse and your children up to age 26. **Spouses that have other employer sponsored medical coverage available to them are not eligible to be enrolled in The Minnesota Star Tribune's medical plans.**

Unmarried children over the age of 26 may continue to be covered if they are incapable of self-support due to a disability. Proof is required.

Please remember — the choices you make at this time will be effective through the end of the plan year (i.e., December 31, 2026) and cannot be changed unless you experience a qualifying status change.

Making changes during the year

Once you are enrolled, you must wait until the next open enrollment period to change your benefits or add or remove coverage for dependents unless you have a qualified status change as defined by the IRS.

Examples of qualified status changes include, but are not limited to, the following:

- Marriage, divorce, legal separation, or annulment.
- Birth or adoption of a child.
- Change in your residence or workplace (if your benefit options change).
- Loss of other coverage.
- Change in your dependent's eligibility status because of marriage, age, etc.
- Spouse's open enrollment that occurs at a different time of year.

The IRS mandates that changes to your coverage due to a qualifying status change must be made within 31 days of that status change. Proof of the qualifying status change is required (marriage certificate, divorce decree, birth certificate, loss of coverage letter, etc.). Note: Any change you make to your coverage must be consistent with the change in status.

Health savings account (HSA)

Optum | optumbank.com | 866.234.8913

An HSA is a personal healthcare bank account you can use to pay out-of-pocket medical expenses with pretax dollars. If you enroll in the HSA Health Plan offered by The Minnesota Star Tribune, the company will open an HSA account on your behalf to receive the company contributions. You may also opt to contribute to your account.

You own and administer your HSA. You determine how much you contribute to your account, when to use your money to pay for qualified medical expenses, and when to reimburse yourself. Remember, this is a bank account; you must have money in the account before you can spend it.

HSAs offer you the following advantages:

TAX SAVINGS: You contribute pretax dollars to the HSA. The Minnesota Star Tribune will also contribute to your HSA for 2026. See page 12 for employer contribution amounts. Interest accumulates tax-free, and funds are withdrawn tax-free to pay for qualified medical expenses.

REDUCED OUT-OF-POCKET COSTS: You can use the money in your HSA to pay for eligible medical expenses and prescriptions. The HSA funds you use can help you meet your plan's annual deductible.

A LONG-TERM INVESTMENT THAT STAYS WITH YOU: Unused account dollars are yours to keep even if you retire or leave the company. You can invest your HSA funds, so your available healthcare dollars can grow over time.

THE OPPORTUNITY FOR LONG-TERM SAVINGS:

Save unused HSA funds from year to year — you can use this money to reduce future out-of-pocket health expenses. You can even save HSA dollars to use after you retire.

You are eligible to open and fund an HSA if:

- You are enrolled in an HSA-eligible high-deductible health plan, such as The Minnesota Star Tribune's HSA health plan.
- You are not covered by your spouse's health plan (unless it is a qualified HDHP), flexible spending account (FSA) or health reimbursement account (HRA).
- You are not eligible to be claimed as a dependent on someone else's tax return.
- You are not enrolled in Medicare, TRICARE, or TRICARE For Life.
- You have not received Veterans Administration benefits in the past three months.

How to access/make contributions to your HSA

Following enrollment, you will receive a welcome letter from Optum Bank listing out the following next steps.

1. **REGISTER YOUR ACCOUNT:** Visit optumbank.com and click "Register" to get online account access. Once registered, you can go online to view your account balance, manage your HSA, and tap into many helpful tools and resources.
2. **SIGN AND ACTIVATE YOUR CARD:** Read through the cardholder agreement. Then activate your new Optum Bank debit Mastercard following the activation label instructions.
3. **DOWNLOAD THE OPTUM BANK MOBILE APP:** View your balance, pay bills, upload receipts, and track your progress through the five key stages of HSA savings. Available for Android and Apple devices.

There are times that additional documentation is needed to open the health savings account. In that case another letter will go out with the heading “Notification: Action required for your Health Savings Account.” It states that the USA PATRIOT Act requires Optum to obtain, verify and record information that identifies each person who opens a new account and provides the following instructions:

Here is what you will need to provide

1. A copy of the notification.
2. A copy of your Social Security card.
3. A copy of an unexpired, valid, government-issued form of identification with your photo and current physical address on it (for example, your driver’s license, passport, state or government-issued photo ID).
4. If your photo ID does not have your current physical address, please send a copy of a utility bill with your name and current physical address listed, such as an electricity bill, gas bill, renter’s agreement or mortgage statement.
5. Please make sure all documents are clear and readable. Increase the copy size of your Social Security card and photo ID to 200%.

The notice will instruct you to upload the above documents online at optumbank.com/hsaenroll.

How to make or change contributions to the HSA

Once your account is open, you can access it via optumbank.com. You’ll set up your payroll contributions during open enrollment. You can make contribution changes at any time during the year by contacting benefits@startribune.com. Note: It may take between one and two payroll periods for an HSA change to be processed.

What are some HSA-eligible expenses?

- | | |
|---------------------------------|--|
| ■ Dental services | ■ Obstetric services |
| ■ Lab exams/tests | ■ Over-the-counter medications (e.g., aspirin) |
| ■ Vision services | ■ Medical equipment supplies and services |
| ■ Medical treatments/procedures | ■ Medication with prescriptions |

More details about HSAs

The HSA is administered by Optum. The Minnesota Star Tribune pays the monthly administrative fee for your HSA. If your coverage status or employment status changes, you will be responsible for all HSA account holder fees.

You’ll notice two separate line items on your paycheck when you participate in the HSA Health Plan — one for your employee premium contributions for the health plan and one for your pretax contributions to the HSA.

IMPORTANT! How much you can deposit into an HSA in 2026

Under age 55 (and not enrolled in Medicare):

- Up to \$4,400 for individual coverage.
- Up to \$8,750 for all other coverage tiers coverage.

- Up to \$9,750 for all other coverage tiers (includes \$1,000 “catch-up” contribution).
- The Minnesota Star Tribune employer contributions count toward the annual HSA contribution limits, so you need to plan carefully how much you’ll contribute annually to avoid excess contributions.

The Minnesota Star Tribune HSA employer contribution

Once you enroll in the HSA Health Plan, The Minnesota Star Tribune will open a health savings account with Optum for you. The employer contribution, in addition to the contributions you elect to make into the HSA will be deposited each pay period (the first two pay periods of each month).

The Minnesota Star Tribune 401(k) retirement savings plan is designed to help you prepare for retirement and attain your financial goals. The 401(k) retirement plan makes it easy for you to save money on a tax-deferred basis. When you enroll in the plan, a personal account will be established with Fidelity Investments in your name, funded by:

- Your contributions (pretax and/or Roth).
- Employer-matching contributions.
- Investment earnings on both types of contributions.

The Minnesota Star Tribune adds to your savings through its employer match, matching 25% of the contributions you make during a payroll period. However, the company's match will only apply to the first 6% of your compensation for a payroll period. The company may make a discretionary match of up to 25% of your contributions (also limited to 6% of your compensation) depending on company financial performance.

Members of the International Brotherhood of Electrical Workers, local #292 (Electricians) are not eligible for a company match.

Eligibility

An employee scheduled to work 20 or more hours per week is immediately eligible to become a participant in the plan, provided he/she is an eligible employee.

A part-time employee scheduled to work less than 20 hours per week or a temporary employee will become a participant on the January 1 or July 1 after being credited with 500 hours of service in a one-year period, provided he/she is an eligible employee.

401(k) provider information

Employees can contact Fidelity Investments at 800.835.5091 or at [401k.com](https://www.401k.com). Fidelity also provides free financial education and resources to employees.

Beneficiary designation

An important aspect of estate planning is making beneficiary designations and keeping them up to date after life changes. It's generally quick and easy to assign or update your beneficiary designation by visiting [401k.com](https://www.401k.com). You will need to provide the name and Social Security number of each beneficiary. If you cannot complete the designation online, you can obtain a paper form. If you are married and want to name someone other than your spouse as your primary beneficiary, your spouse must consent in writing in the presence of a notary public.

Employee contributions

As soon as you're eligible to participate in the 401(k) retirement plan, you will be automatically enrolled.

Newly hired employees scheduled to work 20 or more hours per week who do not enroll in the plan (or affirmatively elect to not enroll) within 30 days after hire will be automatically enrolled in the Plan. The employee will be deemed to have elected to contribute 6% of eligible pay. The 6% will remain in effect until the employee stops or changes the contribution. Contribution to the plan are made by payroll deduction and are withheld from each paycheck. An employee may contribute from 1% to 50% of eligible compensation.*

If an employee was hired between January 1, 2010, and prior to July 1, 2018, and has not taken any action to change the automatic contribution rate of 3%, contribution rates will automatically be increased by 1% each September until the contribution rate reaches 6% of eligible pay.

Employees hired or rehired as part-time employees scheduled to work less than 20 hours per week are not subject to the automatic contributions and should contact Fidelity Investments to change deferral elections.

An employee may elect to have contribution percentages increase each year by 1% as of the first pay date following September 1 by contacting Fidelity Investments.

Employer-matching contribution

The Minnesota Star Tribune matching contributions and their earnings are 100% vested upon completion of one year of vesting service in the 401(k) retirement plan. You are always fully vested in your contributions and earnings.

Pretax 401(k) contributions

Pretax contributions allow you to reduce your current taxable income. In addition, any earnings on your contributions are also tax-deferred. Any contributions and earnings are fully taxable as ordinary income when you withdraw them.

Roth 401(k) contributions

You make Roth 401(k) contributions with after-tax money, so you see no immediate tax benefit. Any earnings from those contributions are tax-free when you take a qualified distribution.

*All contributions subject to IRS limits.

Dental

Delta Dental of MN | deltadentalmn.org | 800.553.9536

Although you can choose any dental provider, when you use an in-network dentist, you will generally pay less for treatments because your share of the cost will be based on negotiated discount fees. With out-of-network dentists, the plan will pay the same percentage, but the reimbursement will be based on out-of-network rates. You may be billed for the difference.

Dental exams can tell your doctor a lot about your overall health. It's important to schedule regular exams to help detect significant medical conditions before they become serious.

NOTE: Children can stay on the dental plan until age 26, regardless of student status. To see a current provider directory, please visit deltadentalmn.org.

Short-term and long-term disability

The Hartford | thehartford.com | 860.547.5000

The Minnesota Star Tribune offers two company paid disability plans to provide financial assistance in case you become disabled or are unable to work. The short-term disability plan and the long-term disability plan are provided by The Hartford.

Short-term disability (STD) plan

Short-term disability (STD) provides a benefit to replace a portion of your income when you are disabled and unable to work due to a covered illness or injury. If you are a regular employee working 20 hours a week, you are automatically enrolled in STD, even if you waive other coverage.* The Minnesota Star Tribune pays the full cost of your STD benefit. Any income replacement benefits you receive are taxable. Contact Human Resources for additional information on your short-term disability benefit. New in 2026, you must apply for short-term disability benefits through The Hartford at 888.301.5615.

*See your bargaining unit contract for eligibility.

Long-term disability (LTD) plan

Long-term disability (LTD) is intended to protect your income for a longer duration after you have depleted short-term disability. If you are an eligible employee, you are automatically enrolled in LTD, even if you waive other coverage.* The cost of this coverage is paid entirely by The Minnesota Star Tribune.** Any income replacement benefits you receive are taxable.

If you are permanently disabled and have satisfied your elimination period, this plan will provide you coverage, a percentage of your annual salary, until you reach Social Security normal retirement age. Your benefit amount may be offset by other benefits you are receiving, such as Social Security or workers' compensation. Your monthly benefits are subject to federal income tax and may be subject to state and local taxes.

*See your bargaining unit contract for eligibility.

**Additional LTD coverage may be purchased by eligible employees.

Coordination of disability benefits

Your benefit may be reduced if you receive disability benefits from retirement, Social Security, workers' compensation, state disability insurance, no-fault benefits or return-to-work earnings. Refer to *The Hartford's certificate of coverage* for more details.

Healthcare flexible spending account (FSA)

TAX-FAVORED ACCOUNT

UMR | umr.com | 800.826.9781

A flexible spending account (FSA) allows you to set aside before-tax dollars from your paycheck to cover qualified expenses that you would normally pay out of your pocket with after-tax dollars. You pay no federal income, state income, or Social Security taxes on the money you place in your FSA. You are able to enroll in the healthcare FSA if you are NOT enrolled in the HSA health plan.

Funds contributed to the healthcare FSA are available in full on the first day of the plan year; however, please plan your contributions carefully, as any funds not used by the end of the plan year will be forfeited by the plan.

You have until February 28, 2027, to file claims for expenses incurred during the plan year.

The FSA carryover allows you to carry forward up to \$680 of unused healthcare funds to the new calendar year which can be used for eligible healthcare expenses. This feature reduces the impact of the “use it or lose it” rule. Any unused amounts in excess of \$680 will be forfeited at the end of the plan year, not carried forward. You MUST re-enroll in the FSA for the new plan year to access any rollover funds.

Healthcare FSA

The healthcare FSA lets you pay for certain IRS-approved medical care expenses not covered by your insurance plan with pretax dollars. For example, cash that you now spend on deductibles, copayments, or other out-of-pocket medical expenses can instead be placed in the healthcare reimbursement FSA pretax to pay for these expenses. You can even elect to have a debit card that allows you to pay for expenses at the same time you receive them, which lets you avoid having to wait for reimbursement. **However, please note that a receipt may need to be submitted to prove your expense was qualified.**

The maximum contribution to the healthcare reimbursement FSA is \$3,400 per plan year, and the minimum contribution is \$250 annually.*

*Limits subject to change.

Dependent care flexible spending account (FSA)

TAX-FAVORED ACCOUNT

UMR | [umar.com](https://www.umar.com) | 800.826.9781

If you need child care for your dependents to allow you or your spouse to work or attend school full time, you can open a dependent care FSA. This allows you to be reimbursed on a pretax basis for child care.

New in 2026, the maximum amount you can set aside in a dependent care FSA is \$7,500 per year per family, or \$3,750 if married and filing separately. Funds in your dependent care FSA are available to you only as they are deducted from your paycheck. Remember to use all of your contributions each plan year because no funds may be carried over to the next year. In other words, you use it or lose it.*

Eligible expenses include the care of children under age 13 and the care for dependents of any age who are physically or mentally incapable of self-care (includes day care for elderly dependents, but not nursing home confinements).

Examples of eligible expenses are day care, after-school care, and elder care. You decide how much to deduct from each paycheck (annual minimum is \$250 and annual maximum is \$7,500). These contributions are made before taxes are taken from your earnings, which reduces your taxable income for the year. You can file claims at any time during the plan year, but they must be postmarked by the February 28, 2027, claims deadline. If you fax, upload, or use an e-receipt, it must be received by midnight Eastern time on the annual claims deadline indicated on your plan-year claim form.

Remember: Use it or lose it

Use all your contributions each plan year, because no funds can be carried over to the next year.

*Limits subject to change.

Remember

Changes to your FSA elections can be made only during open enrollment or if you experience a qualifying life event.

IMPORTANT NOTICE

This packet of notices related to our health care plan includes a notice regarding how the plan's prescription drug coverage compares to Medicare Part D. If you or a covered family member is also enrolled in Medicare Parts A or B, but not Part D, you should read the Medicare Part D notice carefully. It is titled, "Important Notice From Star Tribune Media Company, LLC About Your Prescription Drug Coverage and Medicare."

MEDICARE PART D CREDITABLE COVERAGE NOTICE

IMPORTANT NOTICE FROM STAR TRIBUNE MEDIA COMPANY, LLC ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Star Tribune Media Company, LLC and about your options under Medicare's prescription drug coverage. This information can help you decide whether you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

If neither you nor any of your covered dependents are eligible for or have Medicare, this notice does not apply to you or your dependents, as the case may be. However, you should still keep a copy of this notice in the event you or a dependent should qualify for coverage under Medicare in the future. Please note, however, that later notices might supersede this notice.

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Star Tribune Media Company, LLC has determined that the prescription drug coverage offered by the Star Tribune Media Company, LLC Employee Health Care Plan ("Plan") is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is considered "creditable" prescription drug coverage. This is important for the reasons described below.

Because your existing coverage is, on average, at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to enroll in a Medicare drug plan, as long as you later enroll within specific time periods.

Enrolling in Medicare—General Rules

As some background, you can join a Medicare drug plan when you first become eligible for Medicare. If you qualify for Medicare due to age, you may enroll in a Medicare drug plan during a seven-month initial enrollment period. That period begins three months prior to your 65th birthday, includes the month you turn 65, and continues for the ensuing three months. If you qualify for Medicare due to disability or end-stage renal disease, your initial Medicare Part D enrollment period depends on the date your disability or treatment began. For more information you should contact Medicare at the telephone number or web address listed below.

Late Enrollment and the Late Enrollment Penalty

If you decide to *wait* to enroll in a Medicare drug plan you may enroll later, during Medicare Part D's annual enrollment period, which runs each year from October 15 through December 7. But as a general rule, if you delay your enrollment in Medicare Part D, after first becoming eligible to enroll, you may have to pay a higher premium (a penalty).

If after your initial Medicare Part D enrollment period you go **63 continuous days or longer without "creditable" prescription drug coverage** (that is, prescription drug coverage that's at least as good as Medicare's prescription drug coverage), your monthly Part D premium may go up by at least 1 percent of the premium you would have paid had you enrolled timely, for every month that you did not have creditable coverage.

For example, if after your Medicare Part D initial enrollment period you go 19 months without coverage, your premium may be at least 19% higher than the premium you otherwise would have paid. You may have to pay this higher premium for as long as you have Medicare prescription drug coverage. *However, there are some important exceptions to the late enrollment penalty.*

Special Enrollment Period Exceptions to the Late Enrollment Penalty

There are “special enrollment periods” that allow you to add Medicare Part D coverage months or even years after you first became eligible to do so, without a penalty. For example, if after your Medicare Part D initial enrollment period you lose or decide to leave employer-sponsored or union-sponsored health coverage that includes “creditable” prescription drug coverage, you will be eligible to join a Medicare drug plan at that time.

In addition, if you otherwise lose other creditable prescription drug coverage (such as under an individual policy) through no fault of your own, you will be able to join a Medicare drug plan, again without penalty. These special enrollment periods end two months after the month in which your other coverage ends.

Compare Coverage

You should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. See the Star Tribune Media Company, LLC Plan’s summary plan description for a summary of the Plan’s prescription drug coverage. If you don’t have a copy, you can get one by contacting us at the telephone number or address listed below.

Coordinating Other Coverage With Medicare Part D

Generally speaking, if you decide to join a Medicare drug plan while covered under the Star Tribune Media Company, LLC Plan due to your employment (or someone else’s employment, such as a spouse or parent), your coverage under the Star Tribune Media Company, LLC Plan will not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information about this issue of what program pays first and what program pays second, see the Plan’s summary plan description or contact Medicare at the telephone number or web address listed below.

If you do decide to join a Medicare drug plan and drop your Star Tribune Media Company, LLC prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back. This notice is provided to you on behalf of:

Star Tribune Media Company, LLC Comprehensive Welfare Benefit and Cafeteria Plan*

* This notice pertains only to healthcare coverage provided under the plan.

For the remainder of this notice, Star Tribune Media Company, LLC is referred to as Company.

1. Introduction: This Notice is being provided to all covered participants in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and is intended to apprise you of the legal duties and privacy practices of the Company's self-insured group health plans. If you are a participant in any fully insured group health plan of the Company, then the insurance carriers with respect to those plans is required to provide you with a separate privacy notice regarding its practices.

2. General Rule: A group health plan is required by HIPAA to maintain the privacy of protected health information, to provide individuals with notices of the plan's legal duties and privacy practices with respect to protected health information, and to notify affected individuals follow a breach of unsecured protected health information. In general, a group health plan may only disclose protected health information (i) for the purpose of carrying out treatment, payment and health care operations of the plan, (ii) pursuant to your written authorization; or (iii) for any other permitted purpose under the HIPAA regulations.

3. Protected Health Information: The term "protected health information" includes all individually identifiable health information transmitted or maintained by a group health plan, regardless of whether or not that information is maintained in an oral, written or electronic format. Protected health information does not include employment records or health information that has been stripped of all individually identifiable information and with respect to which there is no reasonable basis to believe that the health information can be used to identify any particular individual.

4. Use and Disclosure for Treatment, Payment and Health Care Operations: A group health plan may use protected health information without your authorization to carry out treatment, payment and health care operations of the group health plan.

- An example of a "treatment" activity includes consultation between the plan and your health care provider regarding your coverage under the plan.
- Examples of "payment" activities include billing, claims management, and medical necessity reviews.

- Examples of "health care operations" include disease management and case management activities.

The group health plan may also disclose protected health information to a designated group of employees of the Company, known as the HIPAA privacy team, for the purpose of carrying out plan administrative functions, including treatment, payment and health care operations.

5. Disclosure for Underwriting Purposes. A group health plan is generally prohibited from using or disclosing protected health information that is genetic information of an individual for purposes of underwriting.

6. Uses and Disclosures Requiring Written Authorization: Subject to certain exceptions described elsewhere in this Notice or set forth in regulations of the Department of Health and Human Services, a group health plan may not disclose protected health information for reasons unrelated to treatment, payment or health care operations without your authorization. Specifically, a group health plan may not use your protected health information for marketing purposes or sell your protected health information. Any use or disclosure not disclosed in this Notice will be made only with your written authorization. If you authorize a disclosure of protected health information, it will be disclosed solely for the purpose of your authorization and may be revoked at any time. Authorization forms are available from the Privacy Official identified in section 23.

7. Special Rule for Mental Health Information: Your written authorization generally will be obtained before a group health plan will use or disclose psychotherapy notes (if any) about you.

8. Uses and Disclosures for which Authorization or Opportunity to Object is not Required: A group health plan may use and disclose your protected health information without your authorization under the following circumstances:

- When required by law;
- When permitted for purposes of public health activities;
- When authorized by law to report information about abuse, neglect or domestic violence to public authorities;
- When authorized by law to a public health oversight agency for oversight activities;
- When required for judicial or administrative proceedings;
- When required for law enforcement purposes;
- When required to be given to a coroner or medical examiner or funeral director;
- When disclosed to an organ procurement organization;
- When used for research, subject to certain conditions;
- When necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public and the disclosure is to a person reasonably able to prevent or lessen the threat; and
- When authorized by and to the extent necessary to comply with workers' compensation or other similar programs established by law.

9. Minimum Necessary Standard: When using or disclosing protected health information or when requesting protected health information from another covered entity, a group health plan must make reasonable efforts not to use, disclose or request more than the minimum amount of protected health information necessary to accomplish the intended purpose of the use, disclosure or request. The minimum necessary standard will not apply to: disclosures to or requests by a health care provider for treatment; uses or disclosures made to the individual about his or her own protected health information, as permitted or required by HIPAA; disclosures made to the Department of Health and Human Services; or uses or disclosures that are required by law.

10. Disclosures of Summary Health Information: A group health plan may use or disclose summary health information to the Company for the purpose of obtaining premium bids or modifying, amending or terminating the group health plan. Summary health information summarizes the participant claims history and other information without identifying information specific to any one individual.

11. Disclosures of Enrollment Information: A group health plan may disclose to the Company information on whether an individual is enrolled in or has disenrolled in the plan.

12. Disclosure to the Department of Health and Human Services: A group health plan may use and disclose your protected health information to the Department of Health and Human Services to investigate or determine the group health plan's compliance with the privacy regulations.

13. Disclosures to Family Members, other Relations and Close Personal Friends: A group health plan may disclose protected health information to your family members, other relatives, close personal friends and anyone else you choose, if: (i) the information is directly relevant to the person's involvement with your care or payment for that care, and (ii) either you have agreed to the disclosure, you have been given an opportunity to object and have not objected, or it is reasonably inferred from the circumstances, based on the plan's common practice, that you would not object to the disclosure.

For example, if you are married, the plan will share your protected health information with your spouse if

he or she reasonably demonstrates to the plan and its representatives that he or she is acting on your behalf and with your consent. Your spouse might do so by providing the plan with your claim number or social security number. Similarly, the plan will normally share protected health information about a dependent child (whether or not emancipated) with the child's parents. The plan might also disclose your protected health information to your family members, other relatives, and close personal friends if you are unable to make health care decisions about yourself due to incapacity or an emergency.

14. Appointment of a Personal Representative: You may exercise your rights through a personal representative upon appropriate proof of authority (including, for example, a notarized power of attorney). The group health plan retains discretion to deny access to your protected health information to a personal representative.

15. Individual Right to Request Restrictions on Use or Disclosure of Protected Health Information: You may request the group health plan to restrict (1) uses and disclosures of your protected health information to carry out treatment, payment or health care operations, or (2) uses and disclosures to family members, relatives, friends or other persons identified by you who are involved in your care or payment for your care. However, the group health plan is not required to and normally will not agree to your request in the absence of special circumstances. A covered entity (other than a group health plan) must agree to the request of an individual to restrict disclosure of protected health information about the individual to the group health plan, if (a) the disclosure is for the purpose of carrying out payment or health care operations and is not otherwise required by law, and (b) the protected health information pertains solely to a health care item or service for which the individual (or person other than the health plan on behalf of the individual) has paid the covered entity in full.

16. Individual Right to Request Alternative Communications: The group health plan will accommodate reasonable written requests to receive communications of protected health information by alternative means or at alternative locations (such as an alternative telephone number or mailing address) if you represent that disclosure otherwise could endanger you. The plan will not normally accommodate a request to receive communications of protected health information by alternative means or

at alternative locations for reasons other than your endangerment unless special circumstances warrant an exception.

17. Individual Right to Inspect and Copy Protected Health Information: You have a right to inspect and obtain a copy of your protected health information contained in a "designated record set," for as long as the group health plan maintains the protected health information. A "designated record set" includes the medical records and billing records about individuals maintained by or for a covered health care provider; enrollment, payment, billing, claims adjudication and case or medical management record systems maintained by or for a health plan; or other information used in whole or in part by or for the group health to make decisions about individuals.

The requested information will be provided within 30 days. A single 30-day extension is allowed if the group health plan is unable to comply with the deadline, provided that you are given a written statement of the reasons for the delay and the date by which the group health plan will complete its action on the request. If access is denied, you or your personal representative will be provided with a written denial setting forth the basis for the denial, a description of how you may exercise those review rights and a description of how you may contact the Secretary of the U.S. Department of Health and Human Services.

18. Individual Right to Amend Protected Health Information: You have the right to request the group health plan to amend your protected health information for as long as the protected health information is maintained in the designated record set. The group health plan has 60 days after the request is made to act on the request. A single 30-day extension is allowed if the group health plan is unable to comply with the deadline. If the request is denied in whole or part, the group health plan must provide you with a written denial that explains the basis for the denial. You may then submit a written statement disagreeing with the denial and have that statement included with any future disclosures of your protected health information.

19. Right to Receive an Accounting of Protected Health Information Disclosures: You have the right to request an accounting of all disclosures of your protected health information by the group health plan during the six years prior to the date of your request. However, such accounting need not include

disclosures made: (1) to carry out treatment, payment or health care operations; (2) to individuals about their own protected health information; (3) prior to the compliance date; or (4) pursuant to an individual's authorization.

If the accounting cannot be provided within 60 days, an additional 30 days is allowed if the individual is given a written statement of the reasons for the delay and the date by which the accounting will be provided. If you request more than one accounting within a 12-month period, the group health plan may charge a reasonable fee for each subsequent accounting.

20. The Right to Receive a Paper Copy of This Notice Upon Request: If you are receiving this Notice in an electronic format, then you have the right

to receive a written copy of this Notice free of charge by contacting the Privacy Official (see section 23).

21. Changes in the Privacy Practice. Each group health plan reserves the right to change its privacy practices from time to time by action of the Privacy Official. You will be provided with an advance notice of any material change in the plan's privacy practices.

22. Your Right to File a Complaint with the Group Health Plan or the Department of Health and Human Services: If you believe that your privacy rights have been violated, you may complain to the group health plan in care of the HIPAA Privacy Official (see section 24). You may also file a complaint with the Secretary of the U.S. Department of Health and Human Services, Hubert H. Humphrey Building, 200 Independence Avenue S.W., Washington, D.C. 20201. The group health plan will not retaliate against you for filing a complaint.

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to later enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage).

Loss of eligibility includes but is not limited to:

- Loss of eligibility for coverage as a result of ceasing to meet the plan's eligibility requirements (e.g., divorce, cessation of dependent status, death of an employee, termination of employment, reduction in the number of hours of employment);

- Elimination of the coverage option a person was enrolled in, and another option is not offered in its place;
- Failing to return from an FMLA leave of absence; and
- Loss of eligibility under Medicaid or the Children's Health Insurance Program (CHIP).

Unless the event giving rise to your special enrollment right is a loss of eligibility under Medicaid or CHIP, you must request enrollment within *30 days* after your or your dependent's(s') other coverage ends (or after the employer that sponsors that coverage stops contributing toward the coverage).

If the event giving rise to your special enrollment right is a loss of coverage under Medicaid or CHIP, you may request enrollment under this plan within **60 days** of the date you or your dependent(s) lose such coverage under Medicaid or CHIP. Similarly, if you or your dependent(s) become eligible for a state-granted premium subsidy toward this plan, you may request enrollment under this plan within **60 days** after the date Medicaid or CHIP determine that you or the dependent(s) qualify for the subsidy.

GENERAL COBRA NOTICE

Introduction

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

When is COBRA continuation coverage available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 30 days after the qualifying event occurs. You must provide this notice in writing to the Plan Administrator. Any notice you provide must state the name of the plan or plans under which you lost or are losing coverage, the name and address of the employee covered under the plan, the name(s) and address(es) of the qualified beneficiary(ies), and the qualifying event and the date it happened. The Plan Administrator will direct you to provide the appropriate documentation to show proof of the event.

How is COBRA continuation coverage provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. If you believe you are eligible for this extension, contact the Plan Administrator.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, [Children's Health Insurance Program \(CHIP\)](#), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends?

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period¹ to sign up for Medicare Part A or B, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.
